

*15th European Congress of Chemical Engineering (ECCE) &
8th European Congress of Applied Biotechnology (ECAB)*

*Engineering for a Sustainable World:
Summit for Clean Technologies & Brighter Legacy*

Open call: Early Career Plenary Lecture on “Energy transition”

We are excited to announce an open call for early career researchers and professionals to apply for plenary speaker positions at the 15th European Congress of Chemical Engineering (ECCE) & 8th European Congress of Applied Biotechnology (ECAB) in September 2025.

The conference aims to bring together leading experts and emerging talents to discuss the latest advancements and challenges in engineering and clean technologies, with a focus on fostering a sustainable future.

As a distinguished plenary speaker, you will have the unique opportunity to present your innovative work on a prestigious platform and share your invaluable contributions to Engineering for a Sustainable World. Potential topics may include but are not limited to clean energy research and technology, including renewable energy, energy efficiency and advanced and cleaner fossil-fuel technology. Contributions to topics relevant to new energy sources such as green hydrogen, biogas and nuclear and geothermal energies are also welcome.

Eligibility Criteria

- Candidates who are early-career researchers or professionals are preferred. Ideal applicants should have obtained their Ph.D. within the last 8 years or have less than 8 years of relevant professional experience after completing their master's or bachelor's degree**.
- Demonstrated expertise in energy transition, renewable energy, or related fields through research, publications, or professional experience.
- Strong public speaking and presentation skills.
- Fluency in English, as it is the official language of the conference.

Application process

1- Expression of Interest

We invite early career researchers and professionals to express their interest in being considered for a plenary lecturer position on “Energy Transition” at the 15th ECCE congress by submitting their extended CV and short statement in the following form: <https://forms.gle/4zfdKbm6GzVuEw85A>

We encourage both academics and industry professionals to apply. Please note that this is the first round. After an initial screening, those who meet the eligibility criteria will be invited to make a full application.

2- Full application

Shortlisted candidates will be required to submit a full application, which includes a (max) 3-minute video on their potential lecture and a short abstract (300-500 words).

This can include an overview of their research or professional experience, key insights, and potential contributions to the field. It will be an opportunity to showcase your public speaking and presentation skills.

Timeline

- Deadline for Expression of Interest: 23.06.2024
- Invitation sent to shortlisted potential speakers: 07.07.2024
- Deadline to apply (video): 28.07.2024
- Final selection of Plenary Lecturer: 03.09.2024

Referral Option: Senior professionals or professors may also recommend early career candidates through our referral option. Please provide the candidate's contact information and a brief statement on their suitability for the role.

The next ECCE/ECAB will take place in Lisbon/Portugal on 8 - 10 September 2025. More information about the congress can be found in the congress website: <https://ecce-ecab2025.eu/>

For any questions or concerns, please contact us at EFCE.earlycareerchemengs@gmail.com

**We are committed to a transparent and fair selection process, ensuring equal opportunities for all candidates. The eligibility period does not include maternity/paternity leave.
